

ENNEAGRAM WORKSHOP

WHAT IS THE ENNEAGRAM?

The Enneagram is a powerful and dynamic personality system that describes nine distinct and fundamentally different patterns of thinking, feeling and acting. The word "ennea" is Greek for nine and "gram" means model or figure. Hence, the Enneagram is a diagram with nine points representing the nine character patterns. Each of these nine patterns is based on a particular perceptual filters that determine our worldview. Each of the nine patterns has a belief about what you need in life for survival and satisfaction. The Enneagram is our oldest & most sophisticated typology system. As you determine your type you will discover:

- ABOUT YOURSELF -

- *What motivates you to think, feel & behave the way that you do?
- *What happens to you under optimal & stressful circumstances?
 - *Where your attention goes is where your energy will go.
 - *What are you focusing on, what are you missing?

- ABOUT YOU IN YOUR WORLD -

- * Why you're attracted to certain people, work, environments?
 - * Why they're attracted to you?
 - * Why you respond certain ways to certain types?
- * What you need to help you stay connected to your purpose
 - * How to make sense of the dynamics in your relationships
